

Benchmark datasets for clustering

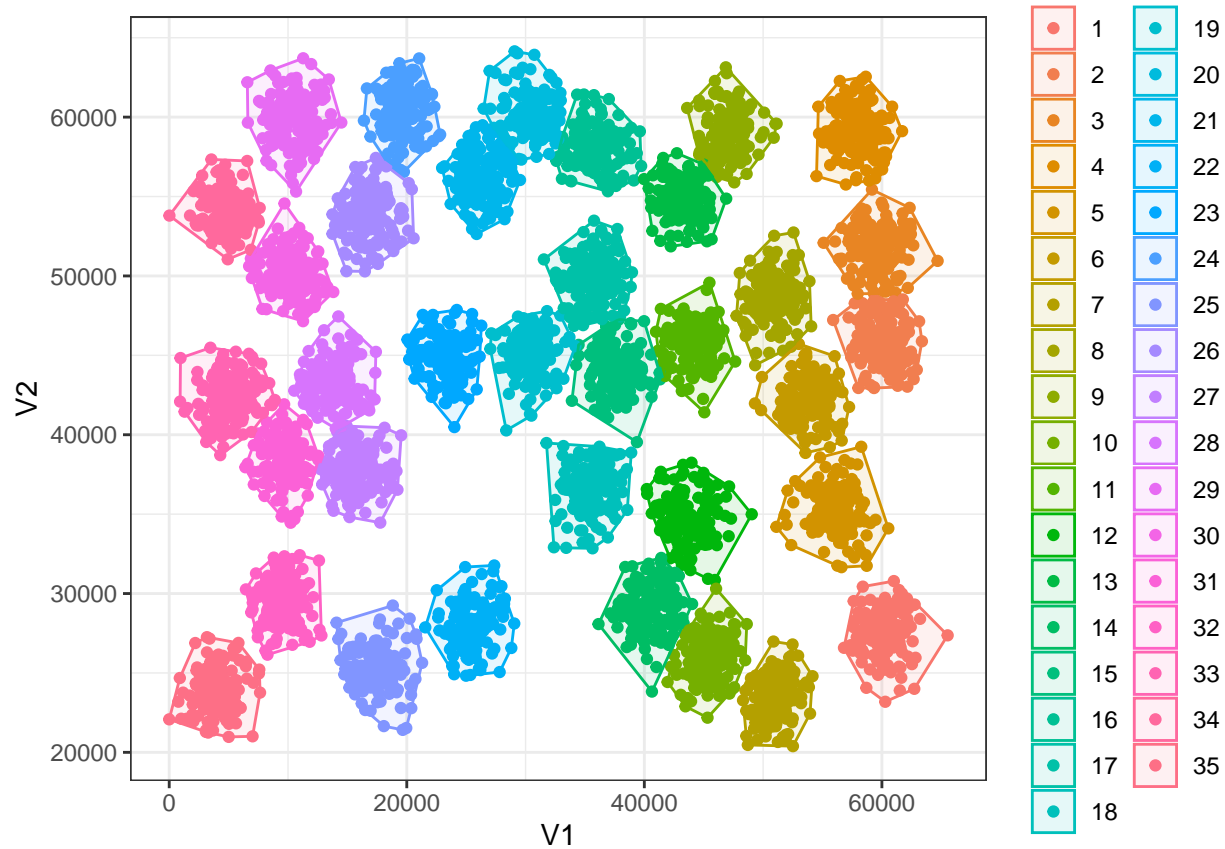

a1c

- features: 3
- objects: 3000
- clusters: 20

a2c

- features: 3
- objects: 5250
- clusters: 35

a3c

- features: 3
- objects: 7500
- clusters: 50

dim064c

- features: 65
- objects: 1024
- clusters: 16

dim1024c

- features: 1025
- objects: 1024
- clusters: 16

dim128c

- features: 129
- objects: 1024
- clusters: 16

dim256c

- features: 257
- objects: 1024
- clusters: 16

dim512c

- features: 513
- objects: 1024
- clusters: 16

s1c

- features: 3
- objects: 5000
- clusters: 15

s2c

- features: 3
- objects: 5000
- clusters: 15

s3c

- features: 3
- objects: 5000
- clusters: 15

s4c

- features: 3
- objects: 5000
- clusters: 15

unbalancec

- features: 3
- objects: 6500
- clusters: 8
